

Associated Artists of the Inland Empire

June 2024

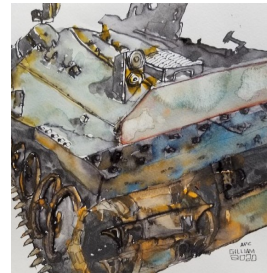

For 30 years, Jim's cartooning skills were secretly honed during long meetings with a large Ontario firm that specialized in schools and hospitals. His very unique style is painted with granulating water color manufactured with rough ground pigment. Dip pens and sticks in India ink spritzed on absorbent water color paper bleed the linework, giving his work mesmerizing graduations in fading and blending.

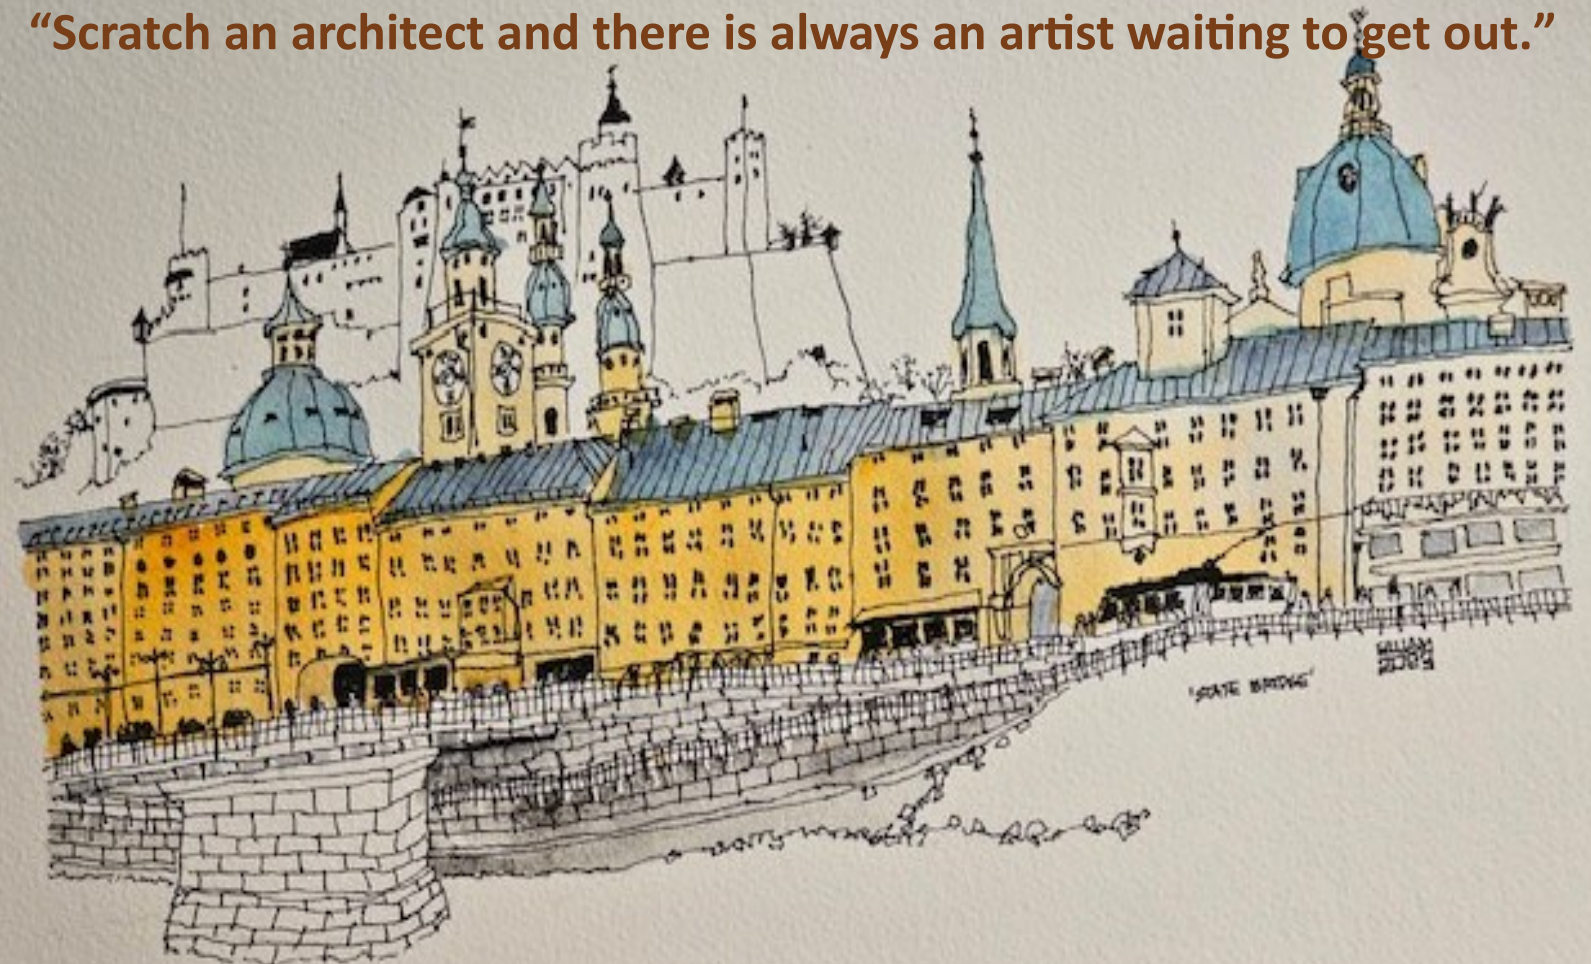

Plein air painting has been an excuse for Jim to travel, giving him amazing images to sketch.

May Demo - Chris Bozar Recap

Chris surprised our members involving us with paper and pens to learn her method of doodling freely, releasing anxiety knowing there is no right or wrong and in all, a great way to calm the nerves and create a beautiful work of art.
