On-Line Classes &  
Workshops

As I, and many, many others, settle in and navigate the changes that have taken place since the fires I am grateful that Nick and I have a home and a place where some of our family members can stay until their homes can be smoke and ash remediated. It's not just homes, but schools, businesses, communities and so much more that are displaced or lost. [Creative Arts Group](#), where I teach and dearly love, has had to postpone one of their most favored and largest fundraiser event, the Garden Tour. If you live near Creative Arts Group, you can help to support the great work they do by taking classes and shopping in their gallery. It's filled with wonderful objects of delight!!!
